In Memory of Wayne Tullar

Wayne was a former coach of Girl's softball in the Cicero Little League and coached a girl's traveling team for many years. He was also a member of Harvey J. Spire American Legion Post # 787. Wayne's passions were model airplanes and trains. He was a member of the Mid York Model Airplane Club, a founding member of the Salt City N-Gauge Club and a member of CNY Large Scale Railroad Society. Wayne had a garden railroad in his backyard of which he was incredibly proud. He had a keen interest in genealogy and also enjoyed watching his grandchildren's many activities. He will be missed.
